SUPPLEMENT TO
REPORT NO.

CONFIDENTIAL
RETURN TO CIA
LIBRARY

- On 25 December 1950 four Soviet destroyers of about 1,000 tons entered the harbor of Sassnitz. They pulled out the following day, but returned on 28 December. Three of the destroyers are oil burners, the other a coal burner. They have been seen in the harbor on several previous occasions.
- Attached are a sketch and legend of the harbor of Sassnitz.

This document is hereby regraded to
CONFIDENTIAL in accordance with the
letter of 13 October 1973 from the
Director of Central Intelligence to the
Archivist of the United States.

ATTACHMENT

-2-

Legend:

1. Soviet barracks, presently occupied by two companies of Marines.
- 1a. Soviet Harbor - Komandatura.
2. Guard house - one German criminal police officer and one VP man.
3. Old fish hall, still operating.
4. New hall, not yet completed; of steel-concrete, approximately 60 meters long and 30 meters wide.
5. New hall, completed; steel-concrete, approximately 80 meters long and 20 meters wide.
6. Underground fuel-tank installation for the fishing fleet.
7. Large fuel-tank installation, partly above and partly below ground; capacity approximately 3,000 cubic meters.
8. Four railroad tank cars mounted in place, each of 20 cubic meters.
9. Large concrete halls, still under construction, only the foundation is completed; 200 meters long and 30 meters wide.
10. Customs building, occupied by customs officials, Soviet marine guard and uniformed police (VP).
11. Piers for the ferry to Sweden.
12. Large halls used for smoking of fish.
13. Floating containers, capacity approximately 150 cubic meters, purpose unknown.
14. Dock for larger ships.
- F. Piers for fishing vessels.

The halls 4, 5, 9 are reportedly planned for use as quaternary depots of the Soviets. All of the halls have access to railroad lines and are equipped with winches along the quay.
